Inspector General of Education in Mysore

To
C S Balasundaram Iyer Esq B A
Secretary to the Government of
His Highness the Maharaja of Mysore
Departments of Education & Agriculture
Bangalore

SIR I have the honour to inform you that the rented building where the Empress' caste Girls' School at Tumkur is now held is not suitable for the purpose of the Girls' School and as a remedical measure to obviate the inconvenience felt, correspondence has taken place between this office and the Deputy Commissioner Tumkur District about the Old Taluk Cutcherri at Tumkur being made available for the Girls' School after the removal of the Lock-up from the Cutcherri building As I understood that a new building for the Lock-up was completed recently, I requested the Deputy Commissioner to have the Cutcherri transferred to the Education Department He has stated in reply that the new building of the Lock-up being too small, the Inspector General of Prisons has been addressed in the matter of extending the new structure and after the extension is completed, the old Taluk Cutcherri will be made over for the Girls' School In consideration of the urgent need of locating the Girls' School in a convenient building, I request that Government may be pleased to pass such orders as they deem proper in the matter A copy of the Deputy Commissioner's reply No 1832 of the 25th February 1914 is submitted herewith for kind reference

Letter No 1832 dated 25th February 1914 from the Deputy Commissioner Tumkur District to the Inspector General of Education in Mysore

--- ----

In reply to your letter No EC43-4/82 dated the 29th November last enquiring whether the old Taluk Cutcherry Building xx would be handed over to the Education Department I have the honour to state that as the new building recently constructed was too small for locating the District Lock-Up therein, an estimate for extending the same was forwarded to the Inspector General of Prisons This work has not yet been put in hand and completed and consequently the removal of the Lock-Up from the old Taluk Cutcherry building is delayed

2 The necessity for the immediate removal of the Lock-Up to the new building and the desirability of the early handing over of the old Taluk Cutcherry to the Education Department have again been pointed out to the Inspector-General of Prisons On hearing from him, needful steps will be taken in consultation with the Public Works Department to get the work pushed on to completion as soon as possible and have the Lock-Up removed thereto, making the old Taluk cutcherry available for the use of the Girls' School

SIR

In reply to your letter No 5779/Edn 343-13-2 dated the 8th February 1915 enquiring what progress has been made towards the extension of the new District Lock-up building at -- Tumkur, I have the honor to inform you that the project of extending the newly built Lock-up has been abandoned in accordance with the view of a committee of local officers of Tumkur District who met in August 1914 for the purpose of discussing the question of accommodation for various public offices, Schools etc at Tumkur

2 I forward herein enclosed a copy of the Resolutions - passed by the committee from which you will see that the Old Jail building is proposed to be utilized for Lock-up purposes

3 I have agreed to the proposal and have called for plans and estimates for effecting necessary alteration to the Old Jail building The District Magistrate informs me that the question is engaging his attention and that he will get and send plans and estimates as soon as he receives them from the Executive Engineer -- Tumkur District

General No 656

No 42-07

Enclosure No 1

Informing that
the proposal of extending
the newly formed Locking
has been abandoned

Taluk Police Lock-up The portion of the Taluk Office vacated by the Taluk Police Office may be made available to the Vice President of the Tumkur Municipality for holding his Office, who is now huddled up in the District Treasury Office

2 Removal of the District Lock-up from the Old Taluk Cutcherry

The Old Jail building is now used as the Veterinary Dispensary and also as a plague camp Government Orders have been very recently received for putting up a separate structure for the plague camp at a cost of Rs 500/- by the Municipality and the Jail building made available for other useful purpose This building will serve very well for the purposes of District Lock-up and a portion can be used also for holding the Veterinary Dispensary, for which the Veterinary Superintendent has been pressing for the construction of a new building The Vice President of the Tumkur municipality will arrange to have a separate plague camp by erecting a few zinc sheet sheds in a healthy and otherwise suitable locality early

3 The Old Taluk Cutcherry is now used as a District Lock-up and the District Excise Office is also held here It has been previously decided that the whole building should be vacated and placed at the disposal of the Education Department in order to locate the Empress' Girls' School The building is in the opinion of all concerned not suited for the purposes of a girls' school for the reason (1) that the building is too much exposed to the public view, (2) that it is in close proximity to the Tumkur Tank and (3) that there is no compound for the children's out-door games,etc The building can very well accommodate the Normal School which has to be opened immediately and the Offices of the Deputy Inspector of Schools, and the Assistant Deputy Inspector of Hindustani school may also be accommodated there in addition

4 It has been admitted by one and all and the necessity for a separate Government Building is keenly felt for the Empre

Girls' School The site now used by Theatrical Companies is well-suited for putting up the girls' school building It is believed that there are, also, some funds at the disposal of the Girls' School Committee Steps may be taken, at once, to acquire the site and construct the girls' school building thereon

To suit immediate requirements and with a view to remove at once the congestion in the existing private house which has to accommodate 240 girls and 9 teachers, the late Mr V Gopal Iyengar's house which is situated quite opposite to the present school house may be taken up for rent When the present congestion will be considerably removed if some of the classes are shifted to this building A portion of this building may also be used as a students' home for the girls as a temporary measure

5 The present Club premises which almost attached to the present Civil Hospital buildings will, with slight alterations, suit exceedingly well for the extension of the Civil Hospital building The Resident Medical Officer's quarters, the high caste kitchen, Operation room, Special ward, Latrine and dead house may all be accommodated in the said premises with a very great convenience both to the public as also to the staff of Medical Officers concerned In doing so, the Female Hospital Building and its compound may be added on to the District Office compound With a view to make the entire premises available for the Medical Department to locate the Resident Medical Officer's quarters, etc , as suggested above for which nearly fifteen thousand rupees appear to have been estimated by the Excutive Engineer only to make necessary alterations in the present Jail buildings for the purpose, it is necessary to remove the offices of the Deputy Inspector of schools and the Assistant Deputy Inspector of Hindustani schools and the District Forest Officer, and, also, the present Club from that building Accomodation has already been found in the Old Taluk Cutcherry for the two first named offices

A separate block in east of the District Office building at a cost of about 5000 to 6000 rupees with upstairs can easily accommodate the District Forest Office, the District Police Office and the District Excise Office

When the construction of the proposed Public Hall becomes an accomplished fact to undertake which at an early date, the scheme is almost mature, the Tumkur Club, the Economic Conference Free reading room and the museum will also find splendid accommodation in that building

Till the building is constructed, the District Excise Office, and the District Forest Office have to be held in the rented buildings As regards the former, the orders of the Excise Commissioner sanctioning a rent of Rs 30/- have already been received The District Excise Officer is removing his - Office in a few days to a separate building

The Normal School and the Office of the Assistant Deputy Inspector of Hindustani Schools having been arranged to be accommodated in the Old Taluk Cutcherry, the rents of Rs 30/- and Rs 6/- sanctioned on their account will be saved and this amount can be used for the District Forest Office

It may be remarked here that instead of spending much - money on old ricketty buildings, it has been proposed with the common consent of all the Departmental Officers present, to make the best use of the existing buildings and to have one new building by putting up an additional block in the District Office compound at a small cost to accommodate three important Offices named above, as the officers concerned including the Deputy Commissioner, are experiencing considerable difficulty owing to the great distances these offices are now situated - from the Deputy Commissioner's Office

Signed/- B J Kumarasami Naik,
Deputy Commissioner, Tumkur District
